CAMP PHILOSOPHY

The directors and staff of the NE Ohio CC Camp share the philosophy that lasting success in distance running must come from *within* the athlete. Regardless of the enthusiasm that coaches and parents share for the runner, the level of success will ultimately depend upon the runner's dedication and determination. The camp is thereby committed to instilling an attitude of enjoyment in each runner. For only when the runner learns a love of the sport, will they develop a work ethic allowing them to establish challenging goals and put forth the necessary training to accomplish these goals.

The camp is geared toward the junior high and high school runner that has a positive attitude towards self improvement through training designed to be strenuous yet rewarding.

The training runs at the camp will be broken into low, intermediate and upper mileages. Each runner should be in adequate condition to run a minimum of 6 miles each day, with the intermediate group covering an average of 8 miles each day and the upper group 10-12 miles.

THE CAMP

The NE Ohio CC Camp will be held at Tempel Hills Camp in Bellville, OH, 12 miles southeast of Mansfield. The 230 acre camp offers fine facilities including an Olympic size swimming pool, volleyball and basketball. The camp is in a rural setting, offering trails and rural roads for training. Runners will sleep on bunks in cabins or in dorm type facilities. The camp is owned by the United Church of Christ. Campers are expected to respect the facility and treat it accordingly.
